

Mr Lloyd Gashu

Vice Chair of Governors

My name is Lloyd Gashu, I have been a Foundation Governor for over six years, and I became vice Chair of Governors in September 2022. I currently work for the Government developing and implementing policies.

I am incredibly passionate about our St Lawrence Community and School. As a child I attended a Catholic Primary School and have such fond memories of my time there. The values, the curriculum, and the freedom to pray openly has had a lasting impact on my life.

St Lawrence Primary School is a phenomenal school thanks to its staff, pupils and parents. As a Governor my aim is to ensure the school is delivering on its promises to be a great place to learn, have fun and make lasting friendships.
