

Susanna Piletto

Staff Governor

My name is Susanna Piletto and I am a Staff Governor at St Lawrence School. I have worked at the school for over 12 years and am currently a teacher in Year 6. However, my love for this school began many years before, as I chose to enrol my own children here. Some of our most treasured family memories centre around St Lawrence's and its incredible community.

I became a Teacher Governor 2 years ago as I felt that as a former parent as well as a current teacher, I would be in a good position to contribute to and support our fabulous school.

St Lawrence is a special place, not only for our children but for the staff and the wider community.
