

Mrs. Christiana Omakolo Ugowe

Co-Chair of Governors

I became a Foundation Governor over six years ago when my children attended St. Lawrence and there was a need for an individual with Finance knowledge and experience to join the governing board.

I am a Chartered Management Accountant (CIMA) with over fifteen years of proven financial and accountancy experience in varied sectors ranging from audit, banking, FMCG, charity, public sector, and education. I currently work for a Charity based in Farnham.

Having a good Catholic education is a desire most parents want for their children and as governors we ensure that this is achieved by providing strategic direction for the school, act as a critical friend to the headteacher and work with the school staff to ensure the schools delivers quality education to the children.

Even though my children are no longer students at the school, St. Lawrence school and community will always have a special place in my heart.

In addition to volunteering as a governor, I love travelling, singing, photography and spending time with friends and family.
