

Szczepan Lemanczyk

Health and Safety Governor

My name is Szczepan Lemanczyk, I am a parent governor. I am the father of Leon, Helena and Klara – all three are pupils here at St Lawrence Catholic Primary School.

For many years I have been working at Heathrow Airport where I held various roles across the world of compliance and safety; currently working as airport's Head of Health and Safety.

Before moving into aviation, I worked in academia – both as a teacher and researcher. Due to my background, as a governor I look after the area of Health and Safety. Issues related to safety and wellbeing (especially mental wellbeing) of our school's children and staff members are truly close to my heart.
